RE: Waste Acceptance Approval Form

The Colorado Department of Public Health and Environment, who regulates the operation of the City of Trinidad Landfill requires that documentation and authorization from the City be maintained from all industrial and commercial waste generators and hauling companies on the characteristics of solid waste disposed of from your site to the landfill.

Only non-hazardous solid waste may be disposed at the landfill. Prohibited wastes include regulated hazardous, radioactive, or PCB wastes, which are subject to U.S. or Colorado regulations will not be disposed or managed by the Trinidad Landfill. Generator and/or hauling company with these wastes will be referred to an appropriately permitted facility.

Enclosed is a copy of the Waste Acceptance Approval Form. Please complete the form and return to City of Trinidad, Director of Public Works, Waste Acceptance Approval, 125 N. Animas, Trinidad, CO 81082, for authorization.

If you have any questions you may contact me at (719) 846-9843 extension 125.

Respectfully,

A handwritten signature in cursive script that reads "Barbara Fisk". The signature is written in black ink and is positioned below the "Respectfully," text.

Barbara Fisk

Administrative Assistant

WASTE ACCEPTANCE APPROVAL FORM

Trinidad Landfill Use Only	
Expiration Date:	
Technical Approval By:	
Approval Date:	
Form #	
Limitations:	

In order for us to determine whether we can lawfully and safely manage your waste material, we must obtain certain information about the chemical and physical properties of the waste, and its chemical composition and regulatory status. Please answer each question as completely as possible by circling “YES” or “NO,” **checking the appropriate boxes, or listing in the blanks, or attaching additional sheets as necessary.** An ink pen or typewriter must be used. The Generator and/or hauling company or Authorized Representative must sign the form. All related analyses must be included with the form and if future analyses differ from what was submitted, it must be sent to Trinidad Landfill immediately. Originals must follow fax copies.

D. REGULATORY QUESTIONS (Based on 40 CFR 261 and 6 CCR 1007.3 Part 261)	
Is the waste a hazardous waste as defined by 6CCR 1007-3 Part 261 Sections 261.31 (F Code), 261.32 (K Code), 261.33 (P or U Codes)?	YES NO
Is the waste from an UST corrective action under 40 CFR Part 280?	YES NO
Is the waste specifically excluded from hazardous waste regulations in 6CCR 1007-3 Section 261.4? If so, attach an explanation including the portion of the regulation where the exclusion is mentioned.	YES NO
Is the waste being legally treated for a single hazardous characteristic? If so, attach a copy of the Agency notification and a certification that no Underlying Hazardous Constituents (UHC's) are present.	YES NO
Is the waste from a CERCLA project, in response to a Compliance Order, or a hazardous waste in another State <u>or</u> subject to Land Disposal Restrictions?	YES NO
Does the waste contain radioactives or PCB's? (Attach analyses)	YES NO

E. AUTHORIZED SIGNATORY:

I hereby certify that I am the generator and/or hauling company or authorized by the Generator and/or hauling company identified herein to provide the information submitted in this form and any attached documents and to enter into this Agreement on the Generator and/or hauling company's behalf. I have made a complete and thorough investigation of all matters relevant to completion of this form. This investigation included laboratory analysis, where applicable, and was performed in accordance with 6CCR 1007-3 Section 261.20(c) on a representative sample of the ("Waste"). All required information concerning the Waste, including the results of all laboratory analyses has been provided in this and the attached documents. Such information is complete and accurate and that all known or suspected hazardous constituents/characteristics or safety hazards associated with the Waste have been disclosed herein.
